CUT IN MS LINDSEY	LINDSEY: Hello and welcome to Crafty Creations. I'm your host, Lindsey Bullard, and today I'm teaching you how to crochet (CROW-SHAY).
MS LINDSEY & SUPPLIES	You need a skein (SKEEN) of yarn and a crochet (CROW-SHAY) hook. I'm using 100 percent acrylic yarn and an aluminum 6.5-millimeter hook.
CU LINDSEY'S HANDS TYING SLIPKNOT	First, you have to make a slipknot. Make a loop with the yarn and twist it. Then pull the part of the yarn still attached to the skein (SKEEN) through the loop. This will make a knot.
MS LINDSEY PICKING UP HOOK THEN CU OF HOOK GOING INTO LOOP	Next, take your hook and put it through the loop. Pull the yarn until there is just a bit of room between the hook and knot.
HOLD CU OF HOOK AND YARN	Now you'll make a chain. Go behind the yarn, hook it, and pull it through the loop. Repeat this step for however wide you want your work to be.
HOLD CU OF HOOK AND YARN	When you want to make your first row, skip over the last stitch you made in your chain. Go through the stitch beside it. Go behind the yarn, hook it, and pull it through the stitch. Now you should have two loops on your hook.

HOLD CU OF HOOK AND YARN	Go behind the yarn and pull it through both loops, then pull the yarn to tighten the stitch. Repeat this step until you reach the end of your first row.
HOLD CU OF HOOK AND YARN	To make a second row, make one more stitch. Turn your work, then go through each stitch just like you did with the first row.
MS LINDSEY	Keep making more stitches and more rows to finish your work.
MS LINDSEY HOLDING UP EXAMPLE WORK THEN CU OF WORK	Here's an example of something I made using this pattern.
MS LINDSEY SIGNING OFF	Thanks for tuning in to Crafty Creations. I'm your host, Lindsey Bullard. I hope you'll keep practicing crochet (CROW-SHAY).
